NOTICE

BSCR Risk Margin Calculator for 2017 Year-End and Reporting – Revised Long-Term Risk Margin Calculator

On March 21st, 2018, the Bermuda Monetary Authority (“Authority”) re-published for Class C, Class D and Class E insurers for the 2017 year-end the Long-Term Risk Margin Calculator. The Authority has become aware that a small error was detected in the aggregation formula and has been corrected by this update. The latest version of the Long-Term Risk Margin Calculator is found in the link below:
