Monthly Insurance Assessment and Licensing Committee (IALC) Application Review

In December 2025, a total of 12 insurance applications were reviewed by the IALC, consisting of 11 new applications and one carried forward application. Of the 12 applications, eight applications were approved, three were deferred and one was insufficient for review.

The registration of approved insurance entities occurs after the IALC application process has concluded. Therefore, the IALC approval and the registration approval may be rendered in different periods.
