NOTICE

Notice to Users of INTEGRA® – Introduction of SubmIT for Investment Funds Act 2006 Submissions

The Bermuda Monetary Authority (Authority or BMA) is pleased to advise that a new regulatory filing platform, SubmIT, is being introduced for the submission of regulatory and supervisory filings on behalf of investment funds that are in scope of the Investment Funds Act 2006.

SubmIT will replace the existing INTEGRA® application. It has been designed to provide a more intuitive, agile and user-friendly experience. The new platform reflects careful consideration of how filing processes can be streamlined, simplified and made more responsive to the evolving needs of the funds sector, while also strengthening supervisory effectiveness.

Phased Rollout

While development is progressing, we are not yet in a position to confirm the specific scope of modules included in the initial release.

This communication is intended to provide early visibility into SubmIT's introduction, allowing stakeholders to begin preparing for the transition. Further details, including confirmed functionality, timelines, guidance materials and transition arrangements, will be shared in due course to support a smooth and orderly migration from INTEGRA® to SubmIT.

We look forward to working with industry stakeholders and addressing any queries sent to Funds@bma.bm throughout this transition.
