NOTICE

Insurance Groups and Commercial Insurers – Quarterly Financial Return Templates

The Bermuda Monetary Authority (Authority or BMA) is notifying stakeholders that the Quarterly Financial Return templates for the quarter ended 30 September 2026 are now available on the Authority's website at <https://www.bma.bm/document-centre/reporting-forms-and-guidelines-insurance>.

The Authority confirms that, for the 30 September 2026 reporting period, there are no specified catastrophe events that Insurance Groups, Class 4, Class 3B and Class 3A Insurers are required to report. However, in the event that a significant loss or a material development has occurred for the insurer, such details can be included in the Catastrophe Exposure schedule.

The Authority would also like to remind registrants that all insurance group and commercial insurer regulatory filings must be submitted using the latest quarterly return template via the BMA's Submit Portal at <https://submit.bma.bm/>

For additional details on this or any other reporting requirements, please contact RiskAnalytics@bma.bm.
